

Los Hogares de los Animales

La gente vive en casas y apartamentos.
¿En dónde viven los animales?

Los zorros viven en madrigueras en el suelo que les ayudan a esconderse y ² mantenerse calientes.

Los murciélagos viven en cuevas. Duermen de día, colgados con las patas para arriba.

Las abejas viven en colmenas. 50,000 abejas pueden vivir en una sola colmena.

Los pájaros viven en nidos para que puedan cuidar a sus bebés.

Las arañas viven en telarañas. Las telarañas son pegajosas y sirven para atrapar insectos para comer.

Las estrellas de mar viven en arrecifes coralinos. Los peces, cangrejos, camarones, y otros animales viven en los arrecifes también.

Los animales
viven en muchos
diferentes
lugares.

¡Algunos
animales viven
en casas
también!

The Mustard Seed Books project uses an open-source, Wikipedia-type strategy, leveraging public expertise to create and refine a set of high-quality books that support early reading development. All of the books and pictures are covered by the Creative Commons License (<http://creativecommons.org/licenses/by-nc-sa/3.0/>) and are free to print, distribute, and modify for personal or educational use. The books are available at www.mustardseedbooks.org. New titles appear on a regular basis. If you have any ideas for books or would like to leave us any feedback, contact rick@mustardseedbooks.org.

Photos for these books come primarily from Flickr (www.flickr.com) and the Morgue File (www.morguefile.com). Both sites are great resources for high-quality publicly accessible photos and for aspiring photographers looking to share their work. All photographs are covered by the Creative Commons License (<http://creativecommons.org/licenses/by-nc-sa/3.0/>).

Set 2 - Mid 1st Grade

Reading Recovery: 7

Our aim with this series of books is to weave together two significant goals in the design of early reading materials—that the books are both instructional and engaging. Books designed to develop reading skills often end up feeling like work to read, while books designed to be interesting are often too difficult for beginning readers.

These books for beginning readers support phonics-based classroom instruction by including a high concentration of phonetically regular words, as well as the most commonly used sight words. However, the books are written using pictures and stories that make sense and promote both language and conceptual development. The books encourage questions, conversations and thoughtful engagement, aiming towards the new common core standards. Our intent is to produce books that kids want to read, think about, talk about and read again.
